Digital Orthodontics

1-day training

Learn how to analyze cases, simulate extractions, and virtually set up teeth for a more predictable treatment plan.

Upon completion of the course, you will be able to:

- Digitally analyze;
- Virtually setup diagnostics;
- Compare diagnostic setups;
- Export model sets for printing.

Target group: existing 3Shape TRIOS users who have completed TRIOS Level 1 training as well as Ortho Analyzer Level 1 training and have a minimum of 6 weeks experience.

Number of participants: maximum number of participants is 8.

Frequency: 1 per month.

Course price: *Please contact us for the price*

Time: 10:00 – 16:00.

Certificate: a CPD approved certificate will be issued upon completion of the training.

Location: Reading, UK

Trainer: Charlie Laity, Training & Application Specialist at 3Shape UK.
